PROFESSIONAL SUMMARY

Front-end Developer with 2+ years of experience specializing in **Angular**, **TypeScript**, and **JavaScript**. Proven expertise in building scalable web applications, implementing responsive designs, and integrating **RESTful APIs**. Skilled in **API testing**, **performance optimization**, and **cross-functional collaboration**. Adept at delivering high-quality, user-friendly solutions in agile environments. Passionate about learning new technologies and solving complex problems.

WORK EXPERIENCE

INFOSYS

SYSTEM ENGINEER

Chandigarh

July 2022 – Nov 2024

- Developed and maintained multiple **Angular applications** using **TypeScript** resulting in a 25% increase in user engagement.
- Designed and implemented **reusable Angular components** and services, improving code maintainability by 30%.
- Integrated **RESTful APIs** and implemented error handling mechanisms, reducing data retrieval time by 15%.
- Conducted thorough **API testing** using **Postman**, resolving **95% of cross-browser compatibility issues**.
- Improved application performance through **code optimization** and best practices implementation.
- Identified and fixed critical bugs through systematic debugging and code review processes.
- Collaborated with **cross-functional teams** to gather requirements and deliver high-quality solutions on time.
- Participated in **code reviews** and implemented feedback to maintain **code quality standards**.
- Utilized **Git** for version control and collaborative development.

INFOSYS

INTERNSHIP

Feb 2022 – May 2022

- Gained hands-on experience with **microservices communication patterns** and **containerization**.
- Developed a **full-stack e-commerce web application** using **microservices architecture**, **Angular** for the frontend, and **Spring Boot** for the backend.
- Participated in **agile development processes**, including daily stand-ups and sprint planning.

EDUCATION

Graphic Era Hill University

BACHELOR OF TECHNOLOGY (COMPUTER SCIENCE AND ENGINEERING)

CGPA: 7.77

Dehradun

Aug 2018 – May 2022

TECHNICAL SKILLS

Programming Language: C, Java, TypeScript, JavaScript, HTML5, CSS3

Frameworks & Libraries: Angular, Angular CLI, Spring Boot

Tools & Platforms: VS Code, Git, Postman

PROJECTS

E-commerce Web Application

- Developed an e-commerce solution using **microservices architecture**, **Angular** for the frontend, and **Spring Boot** for the backend.
- Implemented **user authentication**, **product catalog**, and **shopping cart functionality**.
- Integrated multiple microservices to handle different business functions, ensuring seamless communication between services.

Twitter Sentiment Analysis

- Developed **text mining techniques** to analyze tweet sentiments (positive, negative, neutral).
- Implemented **machine learning algorithms** for sentiment classification.
- Created an efficient **data processing pipeline** for real-time analysis.

Android Chat Application

- Developed a **Wi-Fi Direct-based peer-to-peer chat application** for offline communication.
- Achieved a **95% user satisfaction rate** based on post-launch surveys.
- Enhanced **real-time messaging capabilities**, reducing dropped connections by **20%** during peak usage times.
- Incorporated **secure communication protocols** for data transfer.

SKILLS

- Experience with **RESTful API integration** and **error handling**.
- Skilled in **API testing** using **Postman** and **cross-browser compatibility resolution**.
- Quick learner with the ability to master new concepts and technologies.
- Detail-oriented with strong problem solving skills.
- Adaptable to changing requirements and new technologies.
- Effective team player with excellent communication skills.
